

# From My Darkness Into Your Perfect Light

You rescued me from my darkness of night,  
And brought me into Your perfect light,

You erased the lies I believed,  
And offered me Your truth which relieved,

You expunged my shame & disgrace,  
And bestowed upon me Your Holy Grace,

You forgave my sin & iniquities,  
And granted me mercy that set me free,

You wiped away my painful tears,  
And calmed me taking my tormenting fears,

You cradled me in Your arms so gently,  
And sent me peacefulness & serenity,

You changed my perception that I was unlovable,  
Enlightening me that I was indeed lovable,

You replaced my feelings of worthlessness,  
With a sense of value & worthiness,

On my own, I will surely fail,  
But, through Your loving Grace I will always prevail !

Thank You Father for Your accepting love,  
As You Cradle me in Your wings, like that of a dove !
